Nine carriers are employed at the postoffice here. It is estimated that they deliver over 1 1/2 square miles of delivery limits and to a population of 11,000. This gives each carrier an average of 1,322 persons whose mail must be handled. The average number of places of possible delivery per carrier is 337, with 45 street letter boxes in use, one package box and one combination package and letter box.

The percentage of residences equipped with mail receptacles is 48, while only 29 per cent of the business houses are so equipped.

The average time consumed per day by each carrier during the period covered by the investigation was seven hours and 55 minutes. The average number of pieces of letter mail, cards and circulars routed per minute was over 11, with an average of more than seven pieces per minute for all mail matter. The average office time put in by each carrier was two hours and 30 minutes.

Each carrier carried an average of 45 pounds during the day, with an average of 508 pieces. The average number of stops was 207 per day. The carriers did some heavy walking, having an average of 10 1/2 miles during their daily run. The number of collections in the business district were between five and six, and from two to three in the residence section.

There are three carriers making three trips a day at the postoffice here, and six of them making but two trips.

March Term of Criminal Court Started Today; Murder Trial On

UNIONTOWN, March 11.—The mill of criminal court for the March term began its grind today when Joe and Jacob Silimola, brothers, were arraigned for the murder of John Lelyka at house No. 51, Woodside, Nicholson township, on December 24, 1911. In a tight Lelyka was killed by being attacked with coal picks. It is alleged that the two brothers attacked Lelyka and killed him.

Charles M. Fee, Jr., arraigned the prisoners. Mr. Fee has had considerable experience in work of this kind and conducted the arraignment without a hitch. The two prisoners stood with their right hands uplifted and listened to the charge of murder against them. When prompted by their attorneys, they pleaded not guilty.

In less than one-half an hour after Court Clerk Charles M. Fee opened court for a new trial of the case of Peter Zagorich et al., against the West Penn Railways Company. The plaintiff, who lives at Brown, sued for \$20,000 damages for injuries his four-year-old son sustained when run down by a street car two years ago. A jury last week returned a verdict for the defendant.

The older Mrs. Hughes became so attached to the baby she refused to give it to the mother when the latter regained her health. The hearing was fixed for 2 P. M. next Saturday.

DELEGATES MUST MAKE A DEFINITE STATEMENT

Candidates May Have But One Speech
After Name on Primary Ballot
to Express Choice.

HARRISBURG, March 11.—Candidates for national delegates must stand for only one candidate; according to the position taken by officials of the State Department on the question whether it would be permissible for an aspirant for delegate to place more than one name after his name, so as to get the preference of the voters of his district.

The case came up last week when it was asked if a candidate for Republican national delegate could have both Taft and Roosevelt names after his name. The answer was given promptly by Chief Clerk Thorn that the law permitted a candidate to place on the ballot the candidate for whom he stands, but did not contemplate any additional names.

The effect of this will be to require men who aspire to be national delegates to stand for but one candidate or quit.

KEPHART DRINKS FROM FOUNTAIN OF YOUTH

Also Picks Oranges From Trees, Sees
Mardi Gras and His Great
Southern Trip.

Quaffing sips of sparkling water from the Fountain of Youth where Ponce de Leon expected to gain eternal life, H. Kephart, Chief Clerk of the Senate, is back on the coke region once more ready to jump into the spring campaign. Whether it was Ponce de Leon's Fountain of Youth at St. Augustine, Fla., or the round of gully at the New Orleans Mardi Gras, the fact remains that Mr. Kephart looks rounder and happier than ever, with the smile just a bit broader than before.

Mr. and Mrs. Kephart, accompanied by Senator and Mrs. Charles E. Cline of Allegheny county, had a pleasant four weeks' trip through the South. They picked oranges off the trees in Florida, rode railroad trains across the Gulf and had a generally good time.

At New Orleans, Mr. Kephart was guest of his brother, Major Samuel A. Kephart, of the Coast Artillery, and saw the big pageant from various points of vantage. The party occupied the second boat in the water carnival, thanks to Major Kephart's official position. The party returned last week.

MRS. SUSAN MARCHAND IS DEAD AFTER LONG ILLNESS

Complication Develops From Rheumatic Attack and Suffering
Was Intense.

Special to The Courier.
OWENSDALE, March 11.—After an illness of over two years death ended the suffering of Mrs. Susan Marchand, of this place and among one of the best known residents of the Morgan valley, Sunday morning at 11:50 o'clock. For the past two years or more she had been an invalid suffering from a severe attack of rheumatism from which a complication of diseases originated until the last few weeks when organic heart disease set in which left her in a semi-comatose condition.

Mrs. Marchand's maiden name was Gressly, being born near Mt. Pleasant from which place her parents moved to West Newton where she spent the greater part of her life. In 1884 she married Daniel Marchand, and they made their residence on the present Marchand farm.

Mr. Marchand receiving a message to stop the train just as it was about to shoot past the tower, grabbing a red lantern he leaped through a window and succeeded in signalling the engineer, the train drawing up fully a mile beyond the tower.

The deceased was 64 years of age and is survived by her husband and the following children: Melville, Nancy, Mrs. Carrie Huntley and Mrs. Edith Upperman of Owensdale, and William, of Coalwood, W. Va., and the following brothers and sisters: Mrs. Sarah Eversole of Toledo, Iowa; Mrs. Mary Bliss of Sedgewick City, Kan.; Samuel and Henry Gressly of Eugene, Ore., and John Gressly of Savannah, Mo. COMPLETE TIEUP OF FOREIGN COAL

Strikes in England, Germany and France Threaten Serious Results.

THOUSANDS OF MEN QUIT WORK

With Great Britain in Throes of Fuel Famine, Industrial Trouble in Other Countries Make Situation Gravely Serious—Navies May Be Useless.

United Press Telegram.

LONDON, March 11.—With a million coal miners striking in England, 75,000 in Germany and prospects that their number will be doubled, and a walkout in France, it was believed here today that the entire coal supply of Europe will be tied up. Reports from Paris stated that 60 miners went on a 24 hour strike today and it is believed that this is only the forerunner of a general coal strike in that country.

In Germany the price is already soaring, 75,000 employees refusing to go to work today. Strike leaders predict that they will be able to tie up the German industries as effectively as have the British miners. A general coal strike in three countries would have an alarming effect.

In case of a general strike throughout Europe the navies of all the countries would be rendered practically useless. The mills would be tied up and millions of workers thrown out of employment.

It is believed that the Belgian miners would refuse to work if an unlimited strike takes place in France. There is also dissatisfaction among the workers in Southern Europe and the labor war will spread there, the leaders say.

GERMAN COAL STRIKE IS ALREADY ON; MEN QUIT

BERLIN, Germany, Mar. 11.—The coal strike is on. Advice received from every section of the Prussian coal field say that the men are obeying the order to quit work even better than their leaders anticipated and the entire field will be completely paralyzed within 48 hours.

The men, in accordance with their leaders' plans, are working out their final day this second. Then, after storing their tools and appliances they are leaving for their homes.

THOUSANDS IN THE RUHR REGION LEAVE THE MINES

ESSEN, Germany, Mar. 11.—Seventy-five thousand coal miners in the Ruhr region struck today and their number is expected to be doubled within a few days. The Christian Socialists refused to join in the strike, although they approved the demand for increased wages and better working conditions.

Eighty district meetings were held yesterday and the 150,000 miners attending voted unanimously for the strike. They agreed to abstain from liquor during the strike.

FRENCH MINERS VOTE TODAY ON A STRIKE

PARIS, France, Mar. 11.—Members of the Coal Miners' Union voted on strike today. Sixty per cent of the country's underground workers was expected to quit work within 24 hours.

LAWRENCE TEXTILE STRIKE MAY BE ENDED WEDNESDAY

President Wood Promises to Demolish Just What Latest Offer Means in Real Money.

United Press Telegram.
LAWRENCE, Mass., Mar. 11.—That the great strike of the textile workers here, now in the tenth week, will be ended Wednesday was the belief of sub-committees of the general strike committee which went to Boston for a final conference with the mill owners.

There, President Wood of the American Woolen Company and other mill owners had promised to demonstrate "goodwill" in dollars and cents what the latest offer sent to the workers meant. Wood has told the committee that the offer meant an increase to the lowest paid class of labor which gets from four to seven dollars per week, of about twelve per cent.

Ministers Protest.

CUMBERLAND, Md., Mar. 11.—At a meeting of the Ministerial Association here it was decided to take steps to break up the habit that has been going on for years, of certain ministers frequenting haunts and newsboys, to plucking couples to them to have the marriage ceremony performed.

Advice to a Socialist.
In the Socialist department of the
Connellsville News, Official Organ of
the Democracy of the York region,
and recently of the Socialists of Con-
nellsville, who rent a portion of its
ample space for exploiting their vag-
aries, we find the following:
As a writer of the Socialist column
I ask you to answer what is the mat-
ter with the United States at the
present time? Why are there so many
unemployed men? This is not a matter
of Socialism but common sense. What
are we going to do about it? Shall
we continue to trust to luck? Which
policy has brought about the plight of
the nation's poor, or shall we safeguard
the future and how? Let us have your
honest opinions if you have any.
We take pleasure in enlightening our
friend.

There is nothing the matter with the
United States except such depression
in business that the tariff mediocrities
of the Democratic House have brought
about. If the tariff had been let alone,
not even the impending shadow of the
Presidential struggle would have dis-
turbed that prosperity which would
have come with mutual peace.
There are not many unemployed
men. At the beginning of the year,
when a number of idle coke ovens
were fired in the Connellsville region,
the operators found much difficulty in
managing their placid workmen.
Our Socialist friend talks about the
"plight of the poor." It isn't so bad.
The people are living comfortably. But
if the Democrats are allowed to come
into power and to work their will upon
the Protective tariff as they did under
the last Democratic administration, we
can see with startling distinctness
what "the plight of the poor" will be.
"Shall we continue to trust to luck?"
Inquires our Socialist friend. Certainly
not. In voting the Socialist ticket
you have "trusted to luck" too long.
If you desire to promote the prosperity
of the whole country, vote the Republi-
can ticket. A Republican President
and a Republican Congress means ac-
tive industries, plenty of work at good
wages, happy conditions which may not
be complicated or even by Progressives
or Socialists.

The New York World declares that
the Democrats in the Senate, "betrayed
a great cause" when they consummated
the proposed abrogation treaty. "The
World is one of the leading Democratic
newspapers of the country, and in this
matter speaks not as a partisan but as
a patriot."

parents if it is given them money,
according to the decision of the

have been issued in Pennsylvania this

sents an investment in joy wagons of

Doubtless this is true. Washington

community.

The anthracite operators and miners
seem to be trying to get together.

Judge Fraser of Allegheny county has
handed down an opinion to the effect
that clubs chartered for fraternal pur-
poses have no right to dispense liquors,
this right being given by law only to
clubs chartered for social purposes.
Some of the fraternal orders will have
to amend their charters.

they can run as free and independent

When the public business calls pub-
lic officials out of the city, it is not

In the meantime, however, the press
can't get over the habit of employing
"he term."

The Western Maryland underrated
the importance of Rockwell's plan-
ned a very recent depot. The depot
will be built bigger before it is com-
pleted.

The official reports indicate that the
increase in railroad wages aggregated
the tremendous sum of 100 million
dollars during 1911. When we consider
that the increase in freight rates
amounted to nothing, we can under-
stand why the railroads are grumbl-
ing.

MARCH WINDS.

By Isaac of Yulon.

March wind is aesthetically detri-
mental to the complexion.
Mrs. Eva Adam was the first woman
who made a study of the devastating
effects of March wind on the complex-
ion and in a series of beauty lectures
which she delivered to the Old Beauty
Congress she told the members to keep
their eyes peeled for the March wind
as it was liable to lift the charm of
youth to blow it away. She advised
all to dodge the wind and crawl under
bridge tables as much as possible until
May.

At a convention of the Old Girls Sta-
tion, near Damascus, Mrs. Eva Adam
told her audience that March wind
would cause lines of sorrow on their
cheeks that only a poultice of milk and
milk would eradicate. She also ad-
vised the old girls to eat a certain
quantity of mush and milk during
March to fortify themselves for the
fierce wind.

One afternoon, Mrs. Eva Adam lec-
tured to the Daughters of the Garden
of Eden Circle No. 265, and told the
members the March wind had it in
for all of them and they had better buy
her remedy called, "Snake Oil Rem-
edy." As a face emollient she said
it was safe and could be used without
detection. She claimed it had all the
great pulling effect as breadpudding
and that it did its work while the
patient slept.

To another audience of the Daugh-
ters of Antiochian Hall, she told
them that she had been greatly annoy-
ed by March wind but that she fortified
herself with applejack. She told them
they could get applejack at any drug
store and advised them to take as much
as they could carry three times a day
before meals. The cure keeps the
cheeks red and adds beauty in every
respect.

POSTAL SERVICE

South Side Citizens Wants Better
Deliveries for Connellsville.

(Communicated.)
Mr. Editor: In view of the recent
statements made by a few of the
postal delivery service in Connellsville,
and on the South Side particularly,
will you permit a few words?

The writer is a resident of East
Green street and speaks only of condi-
tions in that section. In that section
our first protest is against the in-
tolerable state of affairs that exists
for a long time, almost every
Friday when we receive but one
delivery at 9 A. M., due we are told
to insufficient carriers. And if such a
condition exists in that section, the
mail marked as received in the
office at 8:30 A. M. is not deliv-
ered until 9 A. M. the next day—it
is a hold-up, pure and simple, and
should not be tolerated for a moment
by long suffering public, or the
local authorities. And if such a con-
dition exists in other parts of the
town, it is all the more reason why
additional carriers should be secured.
The postal service does not exist to be
criticized, but to be enlarged and
bettered where needed and needed
warrant, as they surely do in a town
whose office reports annual receipts of
from \$35,000 to \$40,000.

The regular hours of delivery in our
section are 9 A. M. and 2 P. M. Mail
stamped as received at 8:30 A. M. is
delivered at 2 P. M. and that stamped
as received at 3:30 P. M. is delivered
at 9 A. M. the next day. We get two
deliveries inside of five hours and
nothing the remaining 19 hours of the
day. That hardly looks like an
equable distribution, even of two deliv-
eries. It means that mail for us
entering the office after 1:30 P. M.
lies there undelivered until the next
morning delivery. The writer almost
daily gets mail stamped as received at
3:30 P. M. and delivered at 9 A. M. the
next day. This can scarcely be called
prompt service, such as should be
city of the size of Connellsville.

With reference to more frequent deliv-
ery in the residence section of the
town, the statement that but two deliv-
eries are allowed is doubtless
correct, and yet the writer several
times ago lived in a town of less
population by several thousand than
this, a mile from the postoffice and
the business section of the town and
in a residence section similar to the
Green street section, and received four
deliveries a day. Where is the differ-
ence? If it is argued that the section
of the other town, referred to, is
classified as a business section, then
to the certain knowledge of the writer,
the section covered by the Green street
carriers, including Crawford avenue,
parts of Race and Vine streets, East
Green street, Baldwin avenue, South
Prospect street, and Fairview avenue,
can all the more certainly be classed
as a business section and be entitled
to a third delivery, later in the day
than 2 P. M.

We have no quarrel, Mr. Editor,
with the local authorities, but call at-
tention to these facts in the hope that
earnest efforts will be made to please
and serve the public as well as to ad-
minister the affairs of the office
economically and profitably for the
government.

WADE H. ECHARD IS DEAD;
FOUGHT GAME LIFE-FIGHT

Had Long Disease From Bright's Dis-
ease Which Terminates
Fatally.

Wade H. Echard died yesterday at-
tention from Bright's disease, follow-
ing a long illness. He was not quite 26
years old, but despite his youth had
lived an active life in newspaper, busi-
ness and political circles. He was the
son of Mr. and Mrs. Christian Echard,
who survive him. He once resided in
Connellsville, began his newspaper
work at the age of 19 on the Connell-
sville Monitor, and was well known
here.

His newspaper career included ser-
vice on the Hindock News, Pittsburg
Dispatch and Uniontown Herald. He
did publicity work for J. V. Thomp-
son's gubernatorial campaign and for
the National Democratic Committee.
At the time he was taken ill, Wade
Echard was booking lyeum engage-
ments for Senator LaFollette, Adam
Hedge, Judge Alton B. Parker, W. H.
Berry and others. He was a candidate
for Assembly at one time on the Re-
publican ticket, but withdrew.
He organized several coke companies

Each Confident of Success.

In this section, among them the Unity-
Connellsville Northern Connellsville,
Pierless Connellsville and Franklin
Coke Company. The funeral will be
held in Uniontown tomorrow. Rev. J.
S. Bromley and Rev. J. B. Risk will
officiate. He was a nephew of Cyrus
Echard of Connellsville.

MORGANTOWN JUDGE HAS
SUSTAINED THE DEMURRER

Must Be Shown That Mountain Park
Land Company Wants Land
For Public Use.

Before Judge John W. Mason of
Morgantown, the demurrer of the de-
fendant in the case of the Mountain
Park Land Company against Little C.
Robinson was sustained. The company
is seeking to condemn the Robinson
estate on the Cheat river for the
purpose of constructing a big dam.
The condemnation is resisted on sev-
eral grounds. The court has passed
merely on the question as to whether
the plaintiff showed that the condem-
nation of the land was for public use.
In sustaining the demurrer the court
said that the petition did not show
clearly that the land was to be taken
for public use.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that Calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel.

"Every little Olive Tablet has a movement all its own."

The Olive Tablet Company of Columbus, Ohio, Dr. E. M. Edwards, President.

YEGGEMEN BEOW TWO SAFES IN VICINITY OF TARENTUM

At Neither Place Do They Secure Enough to Make Trouble Profitable.

United Press Telegram.

PITTSBURGH, Mar. 11.—Yeggmen thought to be the same gang that had terrorized Allegheny county for several weeks, early today blew two safes in the Tarentum district, escaping with probably one hundred dollars worth of money, jewelry and papers.

The safe in the office of the T. W. Phillips Oil & Gas Company at Tarentum was blown open and \$19 in cash and valuable papers taken. The safe was on the second floor of the Marvin Real Estate Company building and the yeggmen entered through a second story window, using a ladder to reach the window. The imprint of the shoes of two men was discovered in the snow near the window.

At Creighton the burglars entered the office of the McFetridge Coal Company and blew the safe with nitro-glycerine. A watch and other jewelry, a small sum of money and several checks were taken. Last week the postoffice at Hoboken, Allegheny county, was blown and \$100 taken.

A MESSAGE TO WOMEN

A Patterson, N. J., young woman, Miss Elizabeth Bushop, has written a message to the women of America that will be of great value to those who read it. She says:

"Every spring, for some years I have been debilitated, having general weakness and feeling tired and worn out all the time. This spring I determined I would fight it off with Vinol. Vinol has done all that was claimed for it. It has given me new strength and vigor, I can eat heartily and my sleep is light and refreshing. I wish every tired-out woman could know what great good Vinol would do her." Spring is the most trying time of the year for most people, and it is well to know that Vinol, our delicious cod liver and iron remedy without oil, is the most valuable spring medicine.

It's blood-cleansing and strengthening effects are just what one needs, and as we will certainly give back your money if you are not satisfied with Vinol, you ought to get a bottle right away. Graham & Co., druggists, Connelville. Vinol is sold in West Connelville by Fred H. Harmaning, Druggist.

Remedies are Needed.
Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a drastic compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Bleeding of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—give you a clear head and cheerfulness for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

The Prodigal Judge

Illustration
D. M. Kester

(Copyright, 1911, The Mace-Merrill Company)

But Fentress' expression never altered. The judge fell back a step. "Fentress, I want the boy," he said quietly.

"What boy?"
"My grandson!"
"You are mad! What do I know of him—or you?" Fentress was gaining courage from the sound of his own voice.

"You know who he is and where he is. Your business relations with this man have put you on the track of the Quintard lands in this state. You intend to use the boy to gather them in."

"You're mad!" repeated Fentress. "Unless you bring him to me inside of twenty-four hours I'll smash your soul. I want my grandson! I'll pull you down and leave you stripped and bare! I'll tell the world the false friend you're been—the thief you are! I'll strip you and turn you out of these doors as naked as when you entered the world!" The judge seemed to tower above Fentress; the man had shot up out of his deep-debatement. "Choose! Choose!" he thundered, his shaggy brows bent in a menacing frown.

"I know nothing about the boy," said Fentress slowly.

"By God, you lie!" stormed the judge.

"I know nothing about the boy," said Fentress, and he took a step toward the door.

"Stay where you are!" commanded the judge. "If you attempt to leave this room to call your niggers I'll kill you on the threshold!"

But Yancy and Cavendish had stepped to the door with an intention that was evident, and Fentress' thin face cast itself in haggard lines. He was feeling the judge's terrible capacity, his unexpected ability to deal with a supreme situation. Even Mahaffy gazed at his friend in wonder. He had only seen him spend himself on trifles, with no further object than

self a second glass of liquor from Fentress' decanter. "I wonder if it is possible to insult you," and he tossed glass and contents in Fentress' face. The colonel's thin features were convulsed. The judge watched him with a scornful curling of the lips. "I am treating you better than you deserve," he taunted.

"Tomorrow morning at six o'clock," cried Fentress, "the judge bowed with splendid courtesy."

"Nothing could please me half so well," he declared. He turned to the others. "Gentlemen, this is a private matter. When I have met Colonel Fentress, I shall make a public announcement. Why this appeared necessary to me; until then I trust this matter will not be given publicity. May I ask your silence?" He bowed again, and abruptly passed from the room.

His three friends followed in his steps, leaving Fentress standing by the table, the ghost of a smile on his thin lips.

As if the very place were evil, the judge hurried down the drive toward the road. At the gate he paused and turned on his companions, but his features were a look of dignity that forbade comment or question. He held out his hand to Yancy.

"Sir," he said, "if I could command the riches of the Indies, it would tax my resources to meet the fractional part of my obligations to you."

"Think of that!" said Yancy, as much overwhelmed by the judge's manner as by his words.

"His Uncle Bob shall keep his place in my grandson's life! We'll watch him grow into manhood together." The judge was visibly affected. A smile of deep content parted Mr. Yancy's lips as his muscular fingers closed about the judge's hand with crushing force.

"Whoop!" cried Cavendish, delighted at this recognition of Yancy's love for the boy, and he gleefully smote the austere Mahaffy on the shoulder. But Mahaffy was dumb in the presence of the deaconess; he quite lacked an interpreter. The judge looked back at the house.

"Mine!" he muttered. "The clothes he stands in—the food he eats—mine!"

Graham & Company, Connellsville, and S. A. Lowe & Company, Scottsdale, Pa., announce that they are the Agents for Thompson's Barosma, the Money-Buck Kidney Cure.

There are hundreds of people, young and old, right here in Connellsville who are taking medicines for various ailments, who do not even know that the kidneys are to blame. These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested, and are unable to properly filter the impurities from the blood.

If the kidneys keep the blood pure, and if the kidneys are not in good condition, disease of other organs of the body will surely develop.

Thompson's Barosma will cure any disease of the kidneys, or Graham & Company or S. A. Lowe & Company will give you a money-back.

If you are in ill health now, and are not absolutely certain of the cause, get a 50-cent bottle of Thompson's Barosma at Graham & Company's, or S. A. Lowe & Company's today. It will make you feel better in a day. It will tone up your kidneys, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial on our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty-cent size.

INLAND STEEL.

Reasons For Increase in Capital Stock of Company—To Erect Plant.

The amount of new stock to be sold by the Inland Steel Company out of the authorized increase of \$2,000,000, will be in the neighborhood of \$1,000,000. The proceeds will be used in building four new open-hearth furnaces and a new rolling mill. The plant has already authorized the immediate sale of new stock equal to 25% of the \$7,000,000 stock now outstanding. The new stock will be offered at \$125 a share, and shareholders will have until April 6 to subscribe. Payments will be made in three equal installments, June 1, September 1, and December 1, and will draw the full dividends from the time they are made. No interest will be allowed, however, on prepayments.

Inland Steel pays 7% a year, and the stock is selling around \$100 a share.

Mr. Thompson, formerly president of the Republic Iron & Steel Company, is president of the Inland Company.

COAL PRICES ADVANCED.

Demand From East Has Exhausted Supply East of Pittsburg.

PITTSBURGH, March 11.—Greenback district mine-run coal has sold at \$1.40 and there is a standing offer to buy at that can be had at \$1.50.

The demand is from the East, which has cleaned up all the floating supply east of Pittsburg. As high as \$1.70 has been paid for Clearfield coal. The Pittsburg district coal market has advanced, though not nearly so much as coal from districts which normally ship east. Pittsburg district coal has sold at \$1.20 to \$1.25 for mine run.

LARGE FOREIGN ORDERS FOR COAL IN BALTIMORE MARKET

European Governments Buying Bituminous, and Prices Have Nearly Doubled.

BALTIMORE, Mar. 11.—Coal operators here are fairly overwhelmed with orders for bituminous coal for shipment abroad. All of the orders booked thus far are for foreign governments, and they include practically every nation in Europe, although Great Britain is the largest buyer.

In the last few weeks prices have been doubled. One operator is said to have booked an order at \$3 a ton at the mines. This price compares with \$1.15 in January. The average price for coal at the mines in Maryland and the adjacent districts of West Virginia is \$2.25, and the trend is upward.

The rush of coal to market has caught the railroads unprepared and complaints of shortage of cars come in daily. So urgent is the demand for fuel for export and from industries that the Consolidation Coal Company, the largest producer and shipper in this section, is not receiving orders from merchants, nor is it selling coal to industries except those with which it has contracts. This company has contracted to export practically every pound of its surplus stock.

By the end of this week fully ten cargoes of coal, aggregating 50,000 tons, will have left this port for foreign countries.

ORDERS FOR 3,000 CARS AND SIXTY LOCOMOTIVES

New York Central, Wabash and Missouri, Oklahoma & Gulf Bay Engines.

During the past ten days orders for equipment amounting to 40 locomotives and 3,000 cars. Of these the New York Central placed with the American Locomotive Company orders for 20 Pacific type freight engines for delivery for delivery in the spring; the Wabash 16 and the Missouri, Oklahoma & Gulf forty locomotives with the Baldwin Locomotive Works. Orders for cars were as follows: 1,000 box cars by the Northern Pacific with the American Car & Foundry Company, and 2,000 by the Bessemer & Lake Erie, which were distributed thusly: 1,000 all-steel gondolas with the Pressed Steel Car Company and 400 box cars with steel underframes, 100 all-steel box cars and 500 steel gondolas with the Standard Steel Car Company. The value of the Bessemer's order amounted to more than \$2,000,000.

In January the railroads ordered 96 locomotives, while in February orders totaled 274. The only pending orders of importance are the 2,700 cars to be placed by the Western Maryland 3,000 by the Wabash.

REINFORCEMENT STEEL.

Did a Gross Business in Last Fiscal Year Close to Thirty Millions.

The Bethlehem Steel Corporation last year did a gross business of close to \$30,000,000, which is perhaps the largest that any independent steel company, with the possible exception of Jones & Laughlin.

Depreciation charges by the Bethlehem last year were larger than any preceding year in the history of the company, but notwithstanding the balance sheet of dividends on the common stock was in the neighborhood of 14%.

Bethlehem, in fact, made a better showing in earnings so far as per centage on capitalization was concerned than any other large steel company. It had paid 7% on its preferred stock, there would have remained a balance of approximately 7% for the common, or nearly 12% more than the Steel Corporation earned on its common stock.

CAR SHORTAGE.

American Steel & Wire Company Short 500 or 600 Cars.

The various steel companies continuing to experience difficulty in obtaining cars for the shipment of their respective products. The American Steel & Wire Company recently was short 500 or 600 cars, which caused considerable inconvenience.

The Steel & Wire Company is turning out more material than ever before and incoming business continues large.

Big Coal Orders.

NEW YORK, Mar. 11.—Over 8,000 tons of coal are being engaged for delivery in New York this month. On many orders premiums of from 75 cents to \$1 a ton are being paid. It was denied that there was any inside information from either the anthracite coal miners or operators as to the prospects of a strike.

HARD WORK PUTS CAVANAUGH RIGHT AT TOP OF THE HEAP

Last Year Was His First But This Season He Outshone All the Others.

Hard working Joseph Cavanaugh, the man who keeps plugging until the last minute is up, is a Coker of one year's experience. In that short season he has jumped from a "Thankful Quantity" into the "Real Thing." Hence his autobiography.

Joe Cavanaugh, the best thing out of Manayunk except the Express, was not born in that prosperous village. The Coker center was born in Philadelphia in 1889. The date Joe began to play basketball has been cast aside as ancient history, but the first team he ever joined was the St. John's club, a notable Quaker City organization.

With this club he played on the third season for one year with that team he transferred the scene of his activities to Manayunk. Joe was progressing in basketball by this time and when he hit Manayunk he was good enough for the second team.

That was in 1904, so the record says. His second year was his best. The year when he joined the St. Bridget's club of the Catholic league. This team was easily the best in the league, taking down the pennant with 20 games won and four lost.

It was back to Manayunk the next year and this time Joe landed on the first team and stuck. Manayunk was in the Philadelphia league at that time, the fastest organization in the country. That was in 1907-08.

Manayunk stayed with the league one year, being forced out the next season because they lost their hall. The team was transferred to North Philadelphia, in the same league.

North Philadelphia finished third that year and Cavanaugh was one of the mainstays. Previous to that Joe had done all the heavy work as a guard, but an injury to the regular center accelerated the breaking in of Cavanaugh at that position.

Last year found Joe in the Central league, playing with Homestead. Glenside, another Philadelphia suburb, came west and the two made good at the steel town. Cavanaugh was good last year even if many of the experts accounted him the weakest center in the league. Appearing in Connellsville he was always at a disadvantage against the John Aborn and failed to shine brilliantly.

He needed had seen enough league basketball and the team gave up before the end of the season. The players were bid in by the other clubs but it was found that nobody wanted Cavanaugh, Herron, Glensy or E. Steele. Consequently Joe went home. Before the opening of the 1912 season Captain W. J. Dark made a trip to the east searching for basketball material.

He picked up Cavanaugh, who announced that he had a desire to make it up in the Central league once more. He came west and started at center. He has been there all season and his work has steadily improved from the beginning.

Cavanaugh is a player who appears slow on the floor. Joe believes in economy of motion, relying mostly to get away from his opponents by body twisting. With the exception of Bill Powell, who has played in a minimum number of games all season, Joe has the top on all Central league centers and by his steady playing has won the regard of most fans as the best center in the league.

Unlike other Cokers, Joe is not a baseball player. Rowing takes up his time in the summer. Joe lives in that portion of Philadelphia where nothing is done in summer but row and nothing

SAME SUCCESS HERE AS IN EUROPE

Physicians Delighted By What New Tonic, Tona Vita, Has Done.

Tired out, run-down, half sick people are not so numerous as they were a year ago. "Tona Vita," the great modern tonic has proved as successful in the United States as in Europe, and many thousands of Americans have been built up and restored to health by this medicine.

The physicians who introduced "Tona Vita" in this country are enthusiastic over the remarkable success of the medicine, and those who have been restored to health are also glad to tell what the experience has been. Mrs. Smith of Rochester, N. Y., a trained nurse for sixteen years and a graduate of Bellevue Hospital, New York City, says:

"I have had no opportunity to take

sufficient rest and during the past year this has told on me. My nerves began to trouble me. I have not been sleeping well and my appetite and digestion were not as they should be. I tired easily and did not have the vitality to withstand a hard day's work as formerly. This Tona Vita was recommended to me and I decided to give it a test. I have been greatly benefited in health and strength by this medicine. I sincerely believe the tonic to be highly meritorious judging from my own experience."

Do you lack strength and vitality? Do you take cold easily and sleep poorly? Are you nervous and depressed? If so you are a sufferer from nervous debility and you should at once get a bottle of Tona Vita and see how quickly it will build you up. A. A. Charles is the agent for Tona Vita in Connellsville. Your money will be returned to you if you are dissatisfied with the tonic. The Approved Formula Co., Dayton, O.

AT THE THEATRE.

"BABY MINE."

Margaret Mayo's success of two continents, "Baby Mine," which will be presented at the Solis theatre, Tuesday, March 12, by William A. Brady, Ltd., is called the funniest play ever written. It has a record of one solid year at Daly's theatre, New York, and is now playing at the Vaudeville Theatre, London—its second year in the British metropolis. "Baby Mine" is a clean, wholesome, original play and is a boon to the theatre-going public. Take the press agent's advice, girls, and when the "one man" asks you what play you would like to see, smile your prettiest and say: "Thank you very kindly, sir, I would like to see 'Baby Mine.' The refreshing and delightful thing about 'Baby Mine' is that it is original and the audience is said to laugh as heartily over it as does a boy seeing his first comedy.

THE COW AND THE MOON.

Musical extravaganzas, kaleidoscopic pictures, rapid change of scenery, gorgeous costumes and plenty of them, riotous fun and color, music and mirth seems to be what the theatre-going public wants. Chas. A. Seiden who has launched several musical extravaganzas, seems to have gauged the public fancy, and this season is presenting a brand new entertainment of this sort and will be seen at the Solis theatre Friday, March 15. It has the title of "The Cow and the Moon," most peculiar but at once interesting. It deals with earth beings and immortals from the Moon, and Molly, the vaunting cow who nimbly leaps over the Moon is sure to be great fun for the kiddies as well as the older folk. Ed. Gilmoro will be seen and as happy will be surrounded by a cast of forty or more, together with a large and capable chorus.

KEEP AT IT.

It's Steady, Persistent Effort That Makes Men Successful.

Benjamin Franklin once said that "men neither grow very good nor very rich suddenly. Goodness and riches are a matter of diligence and patience." This is particularly true of money.

The money which saves money, but fits and jakes never gets anywhere, but the slow, persistent saver eventually becomes independent. A savings account, opened with a few dollars and then neglected, will not make you successful but adding something to your savings at every week or month is bound to give you a home.

Some surplus. Suppose you try it. Open an account with The First National Bank of Connellsville—add something to it every pay day and watch it grow. 4% interest. \$1 starts you.

Canadian Iron Production.

Total production of pig iron in Canada during 1911, according to American Iron & Steel Association, was 824,345 tons, against 740,210 tons in 1910. Production for 1911 was largest in history of Canada.

GOSSIP OF THE PICTURE SHOWS.

AT THE ARCADE THEATRE.

Manager Wallace has secured the Fuller minstrel company for three days commencing Monday afternoon, to present their show at this theatre. No doubt a great many will remember this company playing here last summer.

Any show that has played at the Arcade, The minstrel company comes here direct from Cleveland where they have just completed a 15 weeks' engagement on the big time. The show is larger and better than ever, now having secured one of the biggest feature acts playing either the American or European stage today, the Great Holman the Happy Frog, a late feature with Al. G. Field's big minstrels. This act alone is worth double the admission charged and an act that would not be seen only with a production with a rope yoke a horse.

The Fuller duo, also on the bill, is one of the finest kid acts on the stage today and is bound to please all.

Frank C. Hathaway, comedian with the Fuller minstrels, is well known here, having appeared here several times and is always bound to please.

The McGregor twins appear with this company and are two clever singers and dancers.

Fred H. Fuller, comedian and owner of the show appears on the bill and is bound to make you laugh. Taking this company of well known artists altogether it is bound to make one of the best shows seen here this season, bristling with good, clean comedy. The show carries special scenery for all the acts, making a big improvement over the now seen at the small time houses. Manager Wallace has gone to a great expense to secure this show and deserves to have a packed house at every performance.

BIG BURLY BLACK IN WOMAN'S GARB

Parades Streets of Scottdale
in Darkness of Early
Morning.

HE FOLLOWED ONE YOUNG MAN

Mysterious Appearance is Coincidental
With First Attempt of Months to
Enter Houses of Mill Town by
Workmen of Petty Thievery Designs.

Special to The Courier.
SCOTSDALE, March 11.—Watch out for a big negro, dressed in woman's clothing who has been prowling about the streets in the darkness of past midnight. That such a visitation was part of this attempt, or perhaps only incidental to the attempt, at breaking into a number of houses last week may be surmised. Anyway Walter Fretts, the rural delivery mail carrier out of the Scottsdale office, and who lives beyond the Mill school, had an adventure with the mischievous character that was sufficient to give him alarm for sometime. It was after midnight on Saturday morning that he was approaching the corner of Grove and Mulberry street, where in the strong light thrown from the arc lamp at the corner he saw a huge negro coming down Mulberry street. The negro, and Fretts is reasonably certain that it was a negro and not a white person cleverly blackened, wore a woman's hat and a woman's gown, but the feet were betraying features of the masquerader. The character turned up Grove street after Fretts and that young man, unarmed and not caring to show that he was naturally somewhat perturbed over meeting such a character, simply walked faster. The negro suited his pace to the man ahead as Fretts soon discovered, but at Grove and Pittsburgh street, the negro turned between A. L. Kelator's house and the one next to it, and Fretts believing that it was the negro's intention to run through there and then meet him in the darkness about Homestead avenue or under the shade trees in front of the Pittsburgh street school building, hurried on.

Not seeing the fellow when he was below the school house he halted in a secluded space and waited, thinking he had beaten the night wanderer. Not seeing the latter Fretts soon began to believe that the negro had outwitted him and was going to hold him up in the darkness of the Anderson Run hollow, the most suitable place for such work in that direction from town. Taking the middle of the street Fretts made his way carefully through the hollow, but did not see the negro. Just what the whole event meant is not easy to discern, but that it was connected with some or perhaps all the depredations that occurred some of the nights of last week may be considered. Not for months has anything like them taken place in Scottsdale. In fact it has been claimed by some that a man and woman were concerned in some of the attempts to enter houses. This last event would indicate that the "woman" was only a masquerader.

INCREASING INTEREST.
Increasing interest and spirit are being manifested in the evangelistic meetings now being conducted by Rev. H. S. Piper at the First Methodist Episcopal church. The Sunday morning congregation filled the auditorium and galleries and the crowd
